Address: Nashik, Maharashtra

Leetcode: [vakky45](#) - LeetCode Profile

Portfolio: [Vakratund](#)

Education

B.Tech - K.K Wagh College of Engineering, Nashik 2022-2026 | CGPA: 7.82

HSC - Jawaharlal Darda Junior College 2020-2022 | 86.5%

SSC - Giants English Medium School 2020 | 94%

Skills

JavaScript | TypeScript | Python
React.js | Node.js | Flask
SQL | MongoDB | Git
scikit-learn | pandas | NumPy
Tailwind CSS | C | C++ | Java

Internships

Infosys Springboard

Role - Machine Learning Intern
Date - 25 Feb 2025 to 27 Apr
Project - Glucosense
Technologies - ReactJS, Flask, Numpy, pandas, scikit-learn

Inew Technologies LLP

Role - Full Stack Developer
Date - 26 June to Present
Project - SidStarch
Technologies - React, Node, TypeScript, ShadCN UI, Sql

Projects

Project Title - AI-MCP Integrated Twitter Agent

Description: Created an AI-powered application to serve as a personal AI agent. The app ensures secure task execution, such as posting on Twitter, while enhancing user experience through advanced AI capabilities.

Role: Backend Developer

Technologies: AI Model Integration, Model Context Protocol (MCP), React, Express

Repo: [VakkyCodes/AiAgent](#)

GlucoSense – ML-based Diabetes Prediction Website

Description: Developed a machine learning-powered website during the Infosys Springboard Internship to predict early signs of diabetes. The platform offers a secure and intuitive interface for managing health data, promoting early detection and proactive health management.

Role: Machine Learning Intern

Technologies: React.js, Python(flask), scikit-learn

Repo: [VakkyCodes/Glucosense](#)

Certifications

- Title: Developer Bootcamp - Master Frontend to Backend
Platform: GeeksforGeeks
- Title: AWS Academy Cloud Foundations
Platform: AWS Academy
- Title: Career Essentials in Cybersecurity
Platform: Microsoft

Co-Curricular

- Promoted Internshala Trainings and campaigns to help students upskill
